

## Burglars, Armed Bandits Hit Area

### \$2000 Break-In At Country Club; Armed Trio Robs GC Tavern

Burglars and armed bandits hit the Quad-Cities area hard over the weekend with 18 thefts, including a \$3000 strike at a Granite City tavern and a \$2000 burglary at Sunset Hills Country Club as well as break-ins at four area taverns, two house burglaries in the rural area and thefts from motor vehicles.

The armed, masked trio that robbed the Granite City tavern Friday and a Mitchell tavern Tuesday, went to the South Roxana tavern about 11:30 p.m. Sunday where they took \$300 from a cash register. In the town were the owners, Mr. and Mrs. Walter Nossinkowski, who were unharmed.

An accurate account of equipment stolen from Sunset Hills country club probably will not be made before Thursday, according to Howard Popham, the club's golf pro. He discovered the club's pro shop had been burglarized when he opened up about 7 a.m. Saturday. He said it will be necessary to check the inventory against the month's sales before an accurate tally can be made.

Popham estimated the loss at about half a dozen winebreakers worth \$150 each, 30 dozen golf balls worth \$15 a dozen and six sets of clubs worth about \$250 each. He found three other sets of clubs on the course, and their cartons. They apparently had been lost or abandoned by the burglars.

Entry was gained by breaking into the snack bar and smashing a glass to get into the room. A patrolman by an armed and hooded trio that robbed Bob Huggins' tavern at 3300 N. Hick street at 12:40 a.m. Friday.

The trio answered the description of the armed bandits who last Tuesday night had robbed Smith's tavern in Mitchell, 518 S. and two weeks ago held up Walter's tavern on Long Lake, getting \$157.

Four men were seated at the bar and Mrs. Dorothy Smallwood, 2212 Alameda street, was behind the bar when the bandit trio walked in the front door and announced "This is a holdup."

The bandits were wearing black hoods and carrying shotguns, while his companions were armed with pistols. Mrs. Smallwood was ordered by a pistol carrying bandit to "hand over the money."

After the money was handed over, the bandits herded the four patrons into the men's room.

## 6 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

A question being asked by a number of Granite Cityans — "What would happen if the city didn't put in a sewage treatment plant?" — has been answered in detail by the state Sanitary Water Board.

The answer was supplied by Clarence W. Klassen, technical secretary to the SWB in a letter to C. W. Hirsch, chairman of the Citizens' Master Sewer & Drainage Committee.

The letter states: "The following comments pertain to Granite City as well as other municipalities, but particularly to Granite City inasmuch as the board is committed to make whatever action is necessary in that area to abate pollution that is now being caused."

As you know, we have already started hearings involving municipalities in that entire area. The next step is to hold the East Side Levee & Sanitary District is slated for Wednesday morning in Springfield and

## St. Clair Caves In Sewer Breaks

### City Plans Meeting With Levee Board To Discuss Financial Aid

Granite City's sanitary sewer troubles continued to mount over the weekend when a four-foot section of the St. Clair avenue sewer caved in yesterday afternoon. The roadway was barricaded immediately, and an inspection today by A. W. Pearson, of the city engineering staff showed the 15-inch sanitary line was still in operation.

The hole, about a block away from where the same line collapsed two years ago, is in the 1500 block, located only a few feet away from a manhole east of Myrtle avenue. Luckily there was no auto on the spot when the street collapsed about 3:40 p.m., police said. The street department was instructed today to fill the six-foot deep hole with silt and rock.

Mayor Davis told the Press-Record this morning he does not plan to call a special session of the council this week, since a report is due on sewer conditions along the Levee Board and St. Clair avenue either late this week or for next Monday night's council session. There is no council meeting tonight.

City Engineer David Johnston, who on April 16 informed council members the St. Clair avenue line was in bad condition and that cavities were shown in a television inspection, is to submit detailed cost estimates for either replacement or repairs to broken sections along the Levee Board and St. Clair avenue. The city is pumping sewage at the Aubrey avenue break discovered Feb. 9.

**To Meet With Levee Board**

Once the detailed recommendations are made and sent to the council, a special meeting with trustees of the East Side Levee & Sanitary District is planned to determine the amount of financial aid they will give the city.

Engineers point out the section of the Nameoki sanitary sewer lines along Aubrey and St. Clair avenues are frunks installed under the levee district's portion of the Nameoki sewer system contract.

"The latest break was discovered with just one day remaining of the city's current fiscal year, which ends June 30."

In 11 months of the current fiscal year, the city has spent nearly a half-million dollars on sewer repairs — including five breaks along a 15-inch levee district sewer line between the 2100 block of Aubrey avenue and the February break in the same district sewer line. The city's decision is yet to be given the city; and the replacing of a trunk line in the 20th street area from Omaha to Iowa streets.

## Fire Burns Out Alden Store Here; Cause Not Known

### Fire Burns Out Alden Store Here; Cause Not Known

Alden's catalog sales store today is open for business but at a new location. The store at 1906 State street was burned out Thursday evening by a fire of undetermined origin.

Damage to the building was estimated at between \$5000 and \$6000. Damage to merchandise also may run into several thousands and dollars, according to the store manager, Mrs. Gladys Schuetz.

"It may be some time," she said, "before the damage to merchandise is estimated." Wrapped parcels on shelves bore handprints burned beyond recognition.

**New Store At 1838 State**

The store sells by catalog, and goods are shipped from Chicago for customer pickup. Mrs. Schuetz rented a store Friday at 1838 State street and re-opened Saturday.

The fire was discovered by Mr. and Mrs. Emanuel Shendano who occupy an apartment at the upstairs rear. They were sitting at the kitchen table when Shendano, 62, thought he heard a noise outside. He descended the exterior stairway just in time to see flames shoot up in the store-room at the downstairs.

Blind Woman Evacuated

Shendano hurried upstairs and evacuated his blind wife, Martha, 57, and their pet parrot. The caretaker of apartment across the street put them up for the night.

Damage in the Shendano apartment was confined to heavy smoke odor and broken windows. There was no damage to the adjoining buildings, and firemen had the blaze under control in 30 minutes.

"We just got out before the whole place filled up with smoke," Shendano said. "Though blind, Mrs. Shendano had all her own housework and cooking."

The fire call was received about 6:40 p.m. Two fire trucks responded and the blaze was under control in a half hour. (Continued on Page 5, Col. 3)

## Moose Lodge, Boosters, Carpenter Also Record Inter-City Victories

Pouncing on two Troy hurlers for 22 hits, Mercer Funeral Home opened the Southwest Illinois Inter-City Baseball league season in Troy yesterday with a 23-3 victory over the Redbirds.

Granite City Sacred Heart got off on the other foot at Wilson Park here at the same time. The Hearts were pounded by McAteer Glass of East St. Louis, 12-3.

Moose Lodge of East St. Louis became the only team to win two games thus far during the young season, rallying with two runs in the eighth to nip defending cup champion Peshawar 4-3 on the winners' diamond.

Collinsville's Boosters were also come-from-behind winners, edging the Roxana Merchants 8-7 with a tie-breaking run in the eighth inning. In Sunday's fifth game, Carpenters' whacked Maryville 10-3 on the losers' home field.

Get 9 Runs Early  
McAteer Glass teed off on Heart starter and loser John Rains for nine runs in the first five innings. John Kravich of the Glassmen contributed two key hits to the winners' attack and drove in five runs during the afternoon.

Ronnie Parker relieved Rains in the sixth, gave up three more runs to the Glassmen and then settled down to blank the winners over the final three frames.

The Hearts scored first in the opening frame, getting one run on back-to-back doubles by Ernie Meyer and Mel Roustio. Roustio was out trying for a steal of third, and two follow-up Heart singles were wasted.

Bob Burns and Mike Suss touched McAteer winner George Teasley for singles in the sixth inning, and Jim McClehan belted a double to score the final two runs for the locals.

# Trojans Rock Bethalto On Trots' One-Hitter; Last Home Game Today

Madison, breaking out the big bats after a long silence, banged out eight hits, including four for extra bases, to score a 13-2 win over Bethalto Thursday in a Midwest conference baseball game at Madison.

The Trojans got the pitching to go with their attack—a one-hit gem from Dan Trots—as they scored their third straight victory and raised their overall mark to 4-4 and their conference record to 4-3.

**Last Home Game Today**

Earl McClanahan's club plays its final home game of the season this afternoon against Cahokia, a club which edged Madison earlier, 2-1. Game time is 4:30.

The Trojans got a big assist from Eagle Starter Joe Carr, who could not find the plate in the first frame. He issued five walks, there was one error behind him, and Madison made two hits and four stolen bases good for five runs.

Down in order in the second, Madison enjoyed another five-run frame for third, getting to relief pitcher Sam Knight for four hits and a walk. MHS scored three more in the fourth with a triple by Tom Lubak and Trots' double accounting for the runs. The game went only five innings under the 10-run lead rule.

Catcher Sam Dynas also tripled, as did Mike Gravelle, who took over on the mound for Trots in the fifth. Bethalto scored single runs in the fourth and fifth without benefit of a hit, and both were unearned.

**Trots On Hitting Street**

The only hit given up by Trots was a second-inning dinker into right field by Mark Burgund, and Burgund was later erased at third base.

Trots, who owns three of Madison's four victories, has a streak of sorts going.

He has walked or hit safely each time, has come to the plate in Madison's last three games.

**AIRBORNE OUT.** Bethalto's Mark Burgund begins a hopeful slide into third base at Madison during Thursday's Midwest conference baseball game. Gravelle already has the ball, Burgund, who registered Bethalto's only hit in a 13-2 Madison victory, had tried to come over from second base on a grounder to short, and was an easy out.

# Three-Way SWC Tennis Tie Likely After 4-1 GC Loss To Edwardsville

A three-way tie for first place in the Southwest high school conference tennis standings developed Thursday evening in Edwardsville, and chances are the end of the season will see no change in that arrangement.

Edwardsville's Tigers whacked Granite City 4-1, with only the improving play of the Warrior No. 2 doubles combination, Wayne Hancock and Belleville, preventing a shutout.

The Bengal unit left Granite City, Edwardsville and Belleville with identical 4-2 conference records. Each has beaten the other once, and each has only "weak sister" conference opponents Collinsville and Wood River left on its loop schedule.

Harring upsets then, all three should finish with 6-2 records and a share of the SWC title. The Warriors will meet Collinsville here on Thursday and are scheduled at Wood River May 8.

GC's Coach Dick Harmon said he was "well pleased" with the efforts of Kaseberg and Hancock. "They were down and came back. (The pair lost the first set 7-5.) This was not one of the places I figured we'd win before the matches started."

Kaseberg and Hancock finished with 6-3, 7-5 set victories over Steve Hutchison and Steve Mihalik. The Edwardsville pair had scored easy 6-2, 6-1 wins when the Thursday opponents met earlier.

**Stumble In Singles**

But singles players Mike Barnes and Bill Logan, who defeated K Blackmore and Gerald Blase in three sets during the first meeting with EHS, both had difficulty Thursday. Barnes was beaten in straight sets by Blackmore, 6-7, 6-1, and Logan's service was off as he dropped his match to Blase, 6-1, 4-6, 8-10.

Logan was leading 5-1 at one point in the final set, but double-faulted four straight times. Bob Buente, moved up to No. 3 singles, lost in straight sets to Bob Putze, 5-7, 7-9, and No. 1 doubles partners Tom Moore and John O'Dell were straight set victims of EHS's Richard and David Heim, 4-6, 2-6.

Harmon said today that Logan and Barnes probably will be teamed up as a doubles entry in the district meet on May 5 in Roxana. The Warriors also have a dual meet in Roxana May 7. GC's is currently 6-3 overall, losing only to Country Day outside of the conference.

Roxana won team honors with 56 points. Cahokia was second with 31 and Coolidge third with 21.

Robinson, the best freshman dash man in the area, ran with the aid of a slight tailwind. Mounce favored his own school record by six-tenths of a second in the 440.

Other Coolidge firsts were taken by Ray Spilken in the 880 and John VanDeusen, whose heave of 107-12 tied the Coolidge record. The Braves' 880-yard relay team finished second.

Granite City traveled to Waterloo Saturday afternoon, but got the home half of the game rained out. The Warriors will attempt to break a three-game conference losing streak here tomorrow against the team who held the SWC second spot at present. On Wednesday, the Warriors are to travel to East St. Louis for an SWC contest with the first-place Flyers.

Edwardsville rallies Edwardsville single to add to Granite City's woes in the Southwest conference Thursday afternoon, rallying for five runs in the sixth inning to score an 8-7 win.

The seventh, but again a loss as they dropped their eighth game in nine outings. Granite City got a quick start in the first on a double by Glen Hoffmann and a grand slam by Bob Karandjoff and a two-run triple by Al Taylor after Terry Danville had a solo home run.

Starting pitcher Larry Corey made it 4-0 in the third when he connected for a solo home run, but Edwardsville cut the lead in half with a pair of markers.

The fourth and fifth frames were scoreless. GC's made it 4-1 in the sixth, but the roof fell in the sixth, and then the roof fell in the sixth, and then the roof fell in the sixth.

Eldon Frisse, the winning pitcher, hit a fly ball to the outfield, which cleared the short fence for a home run, and a tie score, since two more were scored.

Terry Kofahl relieved Corey at this point and an error, scored the winning run in the seventh, but again a loss as they dropped their eighth game in nine outings. Granite City got a quick start in the first on a double by Glen Hoffmann and a grand slam by Bob Karandjoff and a two-run triple by Al Taylor after Terry Danville had a solo home run.

## Sophs Win On Smith's 1-Hitter; Club Is Rained Out Saturday

Don Brumley's sophomore baseball club at Granite City high school had its six-game winning streak interrupted Saturday, but not by an opposing team.

The junior Warriors were rained out of a doubleheader scheduled here against Edwardsville. The games probably will be rescheduled later. The sophs are due to face Stanton Thursday, while Granite City's javees will play at East St. Louis Wednesday afternoon.

Benny Smith twirled one-hit ball for the GC's sophs here Friday afternoon, while the Lit-run Warriors pounded out 10 hits in downing Collinsville, 7-1.

Smith had a no-hitter working until one was out in the seventh, double, passed ball and sacrifice fly resulted in Collinsville's only run as GC's ran its winning streak to six straight games.

The winners jumped to a 4-0 lead in the first on a triple by Ron Yates each had two hits for Granite City, including three. Prefitt's three-base knock drove in two runs.

## Alton, Flyers 1-2 In Frosh-Soph Meet

Alton and East St. Louis high schools proved Friday afternoon that they dominate the area track and field picture on the boys as well as senior level as the schools finished 1-2 in the Alton frosh-soph relay at West junior high school.

Granite City's entries compiled 25 points to finish sixth among the 11 schools entered. Alton won with 95 points and the Flyers were runners-up with 60.

Finishing in order behind the leaders were Edwardsville, Belleville, Riverview of St. Louis, GC's, Roxana, Central and West Junior high schools of Alton (tie for eighth place). North HHS and East JHS, both of Alton.

## Petitions Against Go-Cart Track Being Circulated

Petitions protesting the location of a "go-cart" track along Fehling road are being circulated for presentation to the city council.

Werner Born, 3218 Colgate place, said he is circulating the petitions after receiving a number of telephone calls from residents of the Lunders Park Estates subdivision, Heintzville and Wilson Park areas concerned about the track.

The tract, which is on the northernmost curve of Fehling road, west of the Trust & Country Nursery, is zoned C-2 commercial. A request for location of the eighth-mile track there was submitted to the city council last Monday night by Jim Frey, contractor, and was referred to the City Plan committee to be taken up again at the next regular council meeting on May 7.

## Prather Baseballers Split Two Contests

Prather junior high school ripped Collinsville in a 31-run Joneybrook Thursday afternoon, but was limited to four hits the following evening and dropped a 14-2 baseball decision here to Edwardsville.

The split left the Chiefs with a 4-3 record. They have four games scheduled for this week, beginning with a contest with Coolidge JHS here tomorrow afternoon.

Edwardsville's freshmen, in scoring their second win of the spring over Prather, pounded out 14 runs in the first inning. Danbe struck out seven and walked only one. Tom Stutch was the loser. The visitors scored at least two runs in every inning except tie second. Prather committed eight errors and managed single markers in the fifth and sixth frames.

Scoring 10 runs in their last at-bat, six of them with two out, Prather rallied for a 16-15 win over Collinsville's freshman club in a wild contest played Thursday afternoon on the losers' diamond.

The 10-run rally gave the Chiefs a 16-12 lead, but they had to hold off Collinsville, which came within a run of tying things still in the home half of the seventh.

## Jug's, Polish Hall, Bowland Score Wins

Norman Meyers placed three home runs to sock Jugs' Hideaway to a 12-11 win over Home of the Blues in Tavern Softball league action yesterday. Oren Harrison was the winning pitcher, pitching for Stan Serwatka. Al Paskus had a triple for the winners. Do Smith was the loser.

Nick Boguchil paced Bowland to a 6-1 win over Junction Tavern with three hits. Paul Thompson was the winner as John Webster the loser. A fourth contest, between Sportsman's Club and Greenall, was postponed due to wet grounds.

## Shells Snap MHS Tennis Win Streak

Roxana handed Madison high school's tennis squad its first setback in six outings this spring in abbreviated matches Thursday on the MHS courts, 3-1.

Don Broyles, playing No. 1 singles for the Trojans, was the only winner for Madison, stopping Sam Fleming in three sets, 6-4, 3-6, 6-4.

The Bakers had an insurmountable 3-1 lead when darkness halted the No. 3 singles competition between John Oakl of Madison and Steve Smith of Roxana at 7:30 p.m. At that point Oakl and Smith had divided the first two sets and were tied in games won in the third set.

Roxana's Don Leamy doped John Summers of Madison in the No. 2 singles. The longest match of the afternoon, it went to Leamy by 8-6, 6-8 and 8-6 scores.

The No. 1 doubles match also went to three sets, with Larry Clark and John Gebelin of Roxana winning over Larry Lux and Ralph Rideout, 6-3, 4-6, 6-3.

Freshman Jim Harrison ran Ron Davis of Madison dropped the No. 2 doubles match to Ken Pearson and John Keshib, 6-2, 6-0. Earlier, Madison had ripped Roxana on the Shells' courts, 3-2.

Mascokah, another 3-2 loser to Madison earlier in the season, will play on the Trojan courts tomorrow. Bob Barnhart's team is entered in the May 4-5 district meet at Roxana, and then finishes the regular season against Southwestern conference opposition—Edwardsville, Granite City, Collinsville and Wood River—in that order.

## Bi-State Agrees To Construct Arch Transit System

An agreement under which the Bi-State Development Agency will finance construction of a transit system inside the Gateway Arch to be built on the St. Louis riverfront was approved by the Bi-State commissioners Thursday afternoon.

The board accepted an offer by a syndicate comprised of John Nuveen & Co., Chicago, and a group of St. Louis investment firms to act as financial advisers to the Agency and market revenue bonds to finance the \$2,500,000 project.

Under the agreement, Bi-State will sign a contract with the National Park Service, which is building the 630-foot arch. The Park Service had previously approved the agreement.

Bi-State will build and operate a train conveyor and elevator system to serve the arch, with the revenue bonds to be paid off with income from fares collected from those using the system. The Park Service previously had abandoned plans to include the transit system in the arch because of the prohibitive cost. Thursday's agreement clears the way for construction of the transit system during erection of the structure.

**Mass Transit Report**  
In other action at the board meeting, R. Gilman Smith presented the W. C. Gilman & Co. report on the economic feasibility of a unified mass transit system for the metropolitan area. Smith said the firm's study involved both an appraisal of the physical assets of the 15 privately owned transit companies now in operation and an estimate of the earnings of a consolidated system under Bi-State ownership.

The study substantiated previous conclusions that the unified system would provide sufficient income to support a revenue bond issue used to finance it, Smith said. He said after payment of all operating costs during the period studied, including 7% depreciation, the earnings available for debt service of such a consolidated system under Bi-State ownership would have been sufficient.

**Says Bonds Saleable**  
Frank Carr, representing John Nuveen & Co., told the board that should Bi-State be able to acquire the physical assets of the 15 firms within the \$25,000,000 price range recommended in the Gilman report, a revenue bond issue to permit the purchase and provide sufficient modernization and replacement funds and working capital would be saleable.

The board awarded a second-phase contract to the Gilman firm to continue its studies and investigations.  
Col. R. E. Smyser Jr., Bi-State executive director, reported that repair work on the Granite City Harbor access road requested by the Corps of Engineers will be accomplished within the next six weeks.

In another report, he said a survey for which the agency contracted earlier to study the economic feasibility of a Mississippi river bridge between Harrisonville and Crystal City, Mo., will begin this week.

Johanna Brzostowski,  
Richard Kacera Are Wed

Miss Johanna Brzostowski, daughter of Mr. and Mrs. John Brzostowski, 1800 Fifth street, and Richard P. Kacera, whose parents are Paul Kacera, 2256 Iowa street, and Mrs. Lucille McClelland, 1901 Edwardsville road, were united in marriage Saturday morning at St. Mary's Catholic Church, Madison. Rev. Engelbert Bieneke officiated at the 11 o'clock double ring ceremony. The altar of the church was decorated with bouquets of white gladiolus, mums and ferns. The bride wore a pure white silk organza gown fashioned with Chantilly lace encrusted with iridescent sequins. The very beautiful skirt, worn over layers of crinolines, featured lace inserters with jeweled trim in front and back. Shifting on both sides accounted for the fullness which fell into a full sweep train. A Swedish crown of pearls and crystals held a finger veil of bridal illusion. The bride carried a cascade bouquet of lilacs of the valley and white Cymbidium orchids.

Mrs. Sharon St. Ivany, mother of honor, and Miss Margaret Painter, bridesmaid, were gowned alike in yellow organza sheaths with high rounded necklines and a full skirt. White motifs accented the bodice and skirt of each dress. A short overskirt was worn over each street-length sheath, and matching colored box hats with pieces with tiny veils completed the costumes. They carried baskets of white portocarpus.

Miss Susan Kacera, sister of the groom, was flower girl. She was attired in a full-length yellow gown matching those of the bridesmaids. She also carried a basket matching those of the bridesmaids.

Approximately 175 persons attended the tea and book review given for the benefit of the Scholarship Fund of the local chapter of the American Association of University Women Saturday afternoon at St. Peter United Church, Christ, 21st street and Delmar avenue. Mrs. Leonard Oram, president, welcomed the members and guests and introduced the tea chairman, Miss Eva Renfro. A comprehensive review of the book, "Ring of Bright Water" (Gavin Maxwell), was given by Mrs. A. E. Krumsiek, who was presented by Miss Cooley. The lace-covered tea table, presided over by Mrs. Vasil Elmeroff and Miss Lupton, was lovely with its centerpiece of lilac, tulips and other spring blossoms. Among the guests were several from out of town, including Miss Eva Renfro and Miss Ann Thayer of Collinsville, Mrs. Emil Mueller of Edwardsville, and Mrs. Leonard Will of St. Louis.

## Maximum Profits From Minimum Tillage

Large numbers of corn growers throughout the Midwest are switching to minimum tillage. Equipment and labor savings are great with this relatively new corn production method. This cultural practice has become popular largely because of the development of excellent new chemicals for weed control. Modern herbicides are applied at planting time and control weeds and grasses all season. Atrazine, one of the most popular herbicides for weed control in corn, has been largely responsible for the advancement of minimum tillage. The benefits from minimum tillage and Atrazine application include effective weed control coupled with the conservation of soil moisture and elimination of soil compaction. Since cultivations can be drastically reduced or even eliminated, profits go up. Labor costs are lower, and with excellent chemical weed control yields are higher. Small wonder that more and more farmers are using minimum tillage to bring about maximum corn profits. Valuable information may be obtained by writing to Geigy Agricultural Chemicals, Department W-9, (Mill River Road, Ardley, New York), for their free manual on weed control in corn.

## Miss Brenda Lee Norwood, Gerald L. Dusek Are Wed

Bouquets of white spring flowers, palms and ferns decorated the altar and sanctuary of Sacred Heart Catholic Church for the wedding at 11 o'clock Saturday morning of Miss Brenda Lee Norwood and Gerald L. Dusek. Rev. John Barrett officiated at the Mass, using the double-ring ceremony. Robert Turck, a cousin of the bride, and Jimmy Roter served as acolytes.

The bride's parents are Mr. and Mrs. Grover J. Norwood, 2730 Iowa street. Mr. Dusek is a son of Mrs. Joseph J. Dusek, 923 Washington avenue, Madison, and the late Mr. Dusek.

Mrs. Margaret Crawshaw, at the organ and Miss June Nightwine, soloist, provided a program of wedding music. The songs were "Ave Maria" and "On This Day." Norwood escorted his daughter down the white-carpeted aisle past the family pews marked with white satin bows, and gave her in marriage. She wore a traditional wedding gown of white silk organza designed by herself, the bodice styled with a scoop neckline and long sleeves tapering to points at the hands. The bodice was encrusted with Ceylon beads trimmed the neckline and encased the puffed skirt. A full skirt of white silk organza was a cascade of white orchids and variegated ivy. Approximately 500 in attendance.

The bride is a graduate of Madison high school, while the groom is a graduate of Granite City high school. She is employed at the Sportsman's club, and the reception was held in the evening at the Polish Hall in Madison, with approximately 500 in attendance.

**6 Rural Area Taverns Renew County Licenses**

County liquor licenses for six taverns in the rural area near the Quad-Cities were renewed Thursday by the Madison county board of supervisors liquor committee, which is to reconvene today at Edwardsville to report on taverns which not yet have obtained 1962 licenses.

The renewals were for Walter's tavern, Zamaroni's tavern, Tony's, Orchid Lounge, the Rural Social and Development Club and Shamrock tavern. The number of licensed taverns in rural areas of the county now total 118 or 50 less than last year.

**Motorist In Crash Faces Charge**

Mrs. Donella Blackmore, 54, of Edwardsville, posted her license as bail until Tuesday after being arrested for careless driving early Saturday morning in Granite City.

The car she was driving struck the front of a car owned by Norman G. Mahl, 31, that was parked near his home in the 3000 block of Iowa street.

Both cars were damaged.

**MAY 15, 1862...  
ABRAHAM LINCOLN  
CREATES  
THE DEPARTMENT  
OF AGRICULTURE**

It was May, 1862—one hundred years ago—when President Lincoln turned from the cares of Civil War to create The Department of Agriculture.

On the centennial of that memorable event, Illinois Power Company salutes the Department and the American farmer and his family. The contributions of agriculture—in times of war and in times of peace—are vital to our well-being as a nation.

Illinois Power has had an important part in bringing electric service into rural areas, and we want to take this occasion to pay special tribute to the 100,000 customers we serve directly in rural Illinois. This is more than twice as many rural customers as are served by the REA co-operatives which we also supply with electricity and which they in turn distribute to their members.

Illinois Power Company is proud of its part in helping the farmers of Illinois achieve "the best cultivation of the physical world beneath and around us..."

# 25 YEARS OF GRANITE CITY PRESS-RECORD

The following items were taken from the files of the Granite City Press-Record.

**MONDAY, MAY 3, 1937**

At the Firemen's Hall in Madison Saturday evening, in the presence of hundreds of loyal and admiring friends, a club party in honor of the Granite City Press-Record celebrated its 25th anniversary. The service was presided over by the "biggest little village in the world."

The retiring mayor was presented with a new Studebaker automobile and a sterling silver tea service, gifts from his many friends in the village and throughout the county. He desired to show their appreciation of his long public service.

The automobile was the gift of officials and friends in Madison county, and the tea service was the gift of the Madison volunteer fire department.

The public library now has a total of 19,102 volumes, which is a net gain for the year just closed of \$729. The library spent \$236 during the year for new books.

Mr. and Mrs. C. D. Russell of Edison avenue entertained at a dinner party Friday Dr. O. M. Weigle, head of the chemistry department at Westminster College, Mo.; their son, Demetrius Russell, and Prudent Bales, William Whitlow and Woodrow Lamb, all of whom were among the party of 10 students from the college on a three-day tour of chemical industrial plants in the St. Louis area, and Al Mueller, Jr.

Miss Nina Helen Taff gave a delightful party for her bridge club Thursday evening, entertaining the guests at her home on State street.

Those present were Miss Margaret Origer, Mrs. Alvin Corer, Miss Betty Taylor, Miss Rose Marie Olson, Miss Mary Alen, Miss Edith Barnum, Miss Kathryn Weddell and the hosts.

Mr. and Mrs. William Martin and Mrs. Minnie Martin of Venice motored to Brantford, Mo., and spent the weekend with the latter's son-in-law and daughter, Mr. and Mrs. Bud Stubblefield and family.

The Choral club, composed of about 40 Venice high school students, presented an enjoyable and pretty opera, "Pinafore," Friday evening at the school auditorium to a large and attentive audience.

The acts were interspersed with numbers by the first and second grade students, under the direction of Miss Mary and Tarcie Dauderman. The 12 small children who performed an act, "A Christmas Carol," without an error. They included Shirley Corrie, Mary Christine Miller, Patricia DeVore, Mary Coss, Ruth Foley, Deloris Robbs, Catherine Maurer, Patricia Caw, Annabell, Billy, Trent Owens, Alice Grimes and Evelyn Ingram.

Mrs. Mark Gilmore of St. Louis entertained members of the Thursday club at a party last week at a delightful meeting last week.

The annual election of officers took place, and those selected were Mrs. James Newman, president; Mrs. D. E. Fearing, vice-president; Mrs. D. E. Col-

## University Provides Balance This Area Needs To Stand On Its Own

The Quad-Cities challenging future, referred to by Sir Truett Aracy, D. Macomber in his address at the annual Civic Achievement Award dinner, is genuine. The outlook is bright for numerous reasons, not the least of which is the establishment of a major university in the bluff area immediately east of this community.

Quad-Cities already can point to a substantial industrial base, skilled workmen, room to grow and no acute transportation problems. The university will provide the necessary balance and many intangible values; a current example is that its presence was an essential factor in the decision to seek construction of a \$3,000,000 federal water pollution control laboratory here.

With this area's natural advantages, plus a university noted for its interest in community planning and development, we have—as voiced by the guest speaker—no reason to doubt that we can live successfully. Quad-Cities have a community that can be a leading force in the entire region, not a mere step-child of older and larger cities.

## \$1.21 Paid In Illinois For Each Dollar Of Federal Aid

Each dollar of federal "help" last year cost Illinois residents \$1.21, contrasting sharply with such states as Alaska, which paid 17 cents, South Dakota, 42 cents, and even Missouri, 85 cents.

A report just released on 1961 federal grants to state and local governments shows that Virginia broke even, 35 states received more than they paid and Illinois and 13 other unlucky states lost ground.

## Action On School Voting Can Help Avoid Future Violations

The Granite City school board took the proper initial step in deciding to study recent Three poll books for violations of age or residence requirements. If it had shied away from the issue, ineligible voters might have felt encouraged to take part in future elections.

Since the state's attorney's office would handle any prosecution that might result, it is logical that its staff be called into the investigation, as is planned. However, we see no reason why the district's attorney should not pinpoint the total number of Washington school voters who appear to be minors on the basis of school age records of the past few years.

At a point urged by board members, tampering with election procedures is a serious matter from several standpoints and it should be brought to a halt with whatever means are available.

We should not expect to see local teenagers placed behind bars. To a degree, they were innocent victims of the scheme. We cannot muster as much sympathy for any adults who were involved, particularly if any of them knowingly tried to flout the voting laws.

An eventual remedy might be to require that school voters be registered.

decrease in primary vote strength.

At this meeting, new members of the executive board were elected. The board members who possess little knowledge or ability for garnering additional votes.

Some people seem to know all the answers in conducting a campaign. They fail to come up with a victory. The answer to constant defeat is plain and simple: no money, no skill and, the final result, no business.

In this day and age, the power of money speaks a loud and successful language. Without it, against the opposition forces, a businessman is a sitting duck. When payrolls divide the contributions and pass out a sad story of no funds for the hard-hitting committee, the result against the opposition is handed in and Andy Cichy.

In two years they have wrecked my courage and lowered my morale beside putting me in the doghouse—costing me time to politics and its hazards—too many banquets and too many dinners.

Boys, it has been a great experience knowing you the past two years. I will see you at the guillotine in November.

JOHN MOSH, 2012 Omaha street.

## Wm. Evans Elected To U. Of I. Student Office

William I. Evans, a sophomore in history at the University of Illinois, son of Rev. and Mrs. Paul Evans, 1529 Clark avenue, was elected to the position of external affairs for the Men's Independent Association at the university.

The organization, made up of representatives of 57 independent men's houses at the University of Illinois, is designed to foster high scholarship and maintain excellence in living conditions. Each year the organization sponsors a "Duke" day and a spring awards banquet to honor outstanding students.

## Productive Years Ahead For Bi-State Agency, Residents

Two forms of transportation—horizontal and vertical—are occupying the Bi-State Development Agency's major attention at the moment. These and other future projects, including doubling of the present public river terminal in Madison, indicate that the coming years will be much more productive than the regional agency's first decade.

An agreement reached on financing the passenger system inside the St. Louis Gateway Arch will mean that the arch project can be completed as originally planned, with visitors riding to the top for a striking view of the Illinois and Missouri countryside.

Now that a regional bus transportation network has been found to be economically feasible, with present service not only maintained but improved, the prospect for continuation of adequate transit lines has a sounder basis. If existing bus firms can be acquired at reasonable cost, commuters throughout the metropolitan area should benefit.

Through local labor facilities, plans for a large grain elevator here and the proposed establishment of an executive-type airport, the Illinois Metropolitan Area is benefitting directly and, in fact, has been the chief beneficiary. Taking into consideration the helpful planning studies and the region-wide programs, the gain from creation of the agency has been immense.

It's all right to make up your mind, if you know why it is made up.

## Spanish-American War Led To U. S. Becoming A World Power

Dwindling ranks of local Spanish-American War veterans have not halted their regular meetings nor diminished their interest in their home community and nation. The five still residing here merit the grateful attention and respect of Quad-City residents. They and their 28,000 comrades move into the mid-80s in age.

Though details of the battles they fought have faded from the memory of most Americans, the brief conflict played an important role in United States history. Cuban independence was achieved, and this country acquired three Spanish territories—Puerto Rico, Guam and the Philippines.

The war gave the U. S. control of the Caribbean Sea, provided "stepping stones" in the vast Pacific, spotlighted the need for the Panama Canal, subsequently built and spurred expansion of the Navy. With its far-off possessions and huge fleet, America soon became, for the first time, a world power.

There were some who thought the war unjustified. But since it led to the nation's present dominance, and this power has been used to encourage the spread of freedom and democracy in many areas of the world, it has proven to have been worthwhile. A proud salute is due those Quad-Citians who took up arms in their country's military and naval forces of 1898.

## Revocation Of Alibi Liquor License Was Justified

Madison county residents can applaud the order revoking the liquor license of the Alibi Lounge. As said here before, the place ought to be padlocked.

It was clear from a series of investigations that the tavern building was used principally as a center of illegal vice activity. The establishment "beat the rap" on an earlier county revocation, through an appeal to the state. But the second effort to close it should be more successful, since fuller evidence has been obtained.

County officials performed a public service in obtaining information on the tavern and then acting upon it.

Almost anybody who doesn't need money can borrow it.

**Cub Scout Awards At Presbyterian Church**

Cub Pack Eight met at the First Presbyterian Church Tuesday evening for a monthly meeting, with John Helton, cubmaster, in charge of presentation of awards.

The opening ceremony was by Don McHenry, Jr., chairman of the leadership of Mrs. Edith Niesporke.

Hellon announced that the Bell Ringers' group from the Presbyterian Church in Madison will be present at the May 17 pack meeting, and also that the pack will hold a fishing party May 26. The derby is for fathers and cubs only, and prizes will be awarded for the first fish caught and for the largest fish.

The annual outdoor picnic meeting for June was discussed, but no definite plans were made. Advancement, a ward's and merit badges were presented to Harry Hoffman, Michael Newton, and James Sappington. Madison County county co-chairmen will be Mrs. George M. Brooks and Mrs. Charles W. Jenkins, both of Alton.

Weekend events begin Friday night with the annual Madison County Convocation. Later that day there will be ROTC ceremony at 10 a. m. and a meeting of the outstanding co-ed chosen as May queen.

## Crash On Madison Ave.

Autos driven by Ray Lewis, 35, of 2629 Benton street, and Harold D. Lancaster, 21, of 2037 Oak street, were involved in an accident at 16th street and Madison avenue Thursday evening.

Ray Lewis was driving a 1951 Buick when he lost control of the car and attempting a left turn while Lancaster was going north on Madison avenue, 1800.

# THE PASTOR SPEAKS

**DR. GEORGE RAGAN**  
First Baptist Church

The story is that of ten lovely girls—taken from Matthew 25: 1-10.

As far as we know these young ladies were fine, clean and upright persons. Looking at them, one could not detect any real difference. They were dressed alike as bridesmaids usually are in our day.

They all appeared equally anxious to meet the bridegroom. Their intentions were the same. They wanted to share in the joy of the occasion. While they looked very much alike and all appeared ready for the coming of the bridegroom, only five were ready.

What was the reason? These women were good moral persons. More than likely they belonged to a church and maybe they had been to church. They came from good homes. To be able to dress as they had, they must have come from homes of some means.

They all had lamps and these were burning when the bridegroom came. It is not having the right clothes or being in the company of other good people and just wanting the same things.

The Bible says that five of these ladies were not ready. They had no oil. One word describes them—"Neglect." They were like so many of us. We give our time, attention and effort, yes, and spend our money for things and then fail to supply

ply our lives with oil—all which means light and life.

Hear the terrible word, "I know you not." These ladies, in spite of all their outward readiness, were left behind because they were not ready. They were forever left out.

When Col. John Glenn was asked if he did anything special immediately before and during the trip, if he had anything to get ready should the last minute, if there were some last minute plans, he answered, "No," stating that he had taken care of the spiritual life as carefully and thoroughly as he had prepared himself physically, mentally and intellectually.

He was acquainted with the Lord and knew in his heart that all was well. During the flight, he was too busy meeting the immediate needs.

Few if any of us who read these words will be so lucky to experience such as Col. Glenn experienced. We will have our experiences, no less important or critical. No life is so sheltered that it can be free from emergencies.

Readiness is a thing of the heart. "For a man is inside, so is he. We may carry torches that burn for a while, but unless they are filled, they will go out. It is the inside that counts. Our fail and are forever lost. Unable to face the stress and strain of life because they are not right inside."

"They that were ready went in with him."

# THE LAW

A PUBLIC SERVICE OF ILLINOIS STATE BAR ASSOCIATION

IN COOPERATION WITH THIS NEWSPAPER

## LIABILITY OF PROPERTY OWNER

A popular misconception of law is that everyone who is injured on another's property is entitled to recover all damages he may have sustained from the owner of that property.

Property owners, themselves, as well as those seeking recovery for injuries, often subscribe to this erroneous principle and do not all understand the law. A homeowner, discussing an injury at his home, to remark, "I am liable," will, unless he is liable, be "wrong."

One exception to the general rule that the owner of property is not liable for injuries to persons coming on his property merely because of the property, or as trespassers, favors minor children who are attracted to the property by some inherent dangerous device which a reasonable man would not want to attract children.

Thus, if one maintains upon his property some type of dangerous machine plainly visible to children passing near the property, he may be held liable for the injuries occasioned by the machine if they are enticed by it onto his land and are too young to appreciate the dangers it presents.

This is known as the "attractive nuisance" doctrine and must be considered as an exception to the general rule, established solely for the protection of innocent children.

Even where the owner of property has taken other steps to prevent injuries to persons coming onto his property, the injured party cannot recover if he is also guilty of negligence which contributes to the injury.

This column is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

**WAGE-EARNERS HAVE BENEFITED MOST FROM THE DEMOCRATIC PARTY**

To the Editor:

A short reply to John B. Moss' letter. First my apologies. I had Loftus in mind. He ran for mayor in the early '30s. As to the point in question, as a retired steelworker I contend the G.O.P. has done nothing but oppose progressive legislation introduced by the Democrats that would benefit the wage-earner for a change. To paraphrase Mr. Wilson, secretary of defense in Mr. Eisenhower's cabinet, "What is good for the wage-earner must be also good for the country."

I firmly believe there are more Joe Kennedys in the G.O.P. than in the Democratic party and that they are all right if the G.O.P. membership consisted of more Rockefelleres.

But I think I know people sufficiently to recognize too many G.O.P. voters who are fellows like myself, but due to the prosperity created by Roosevelt and his Demos were boosted to apparent higher economic and social status. They thought they were Democrats as such were honor-bound to vote the G.O.P. ticket to please the boss.

I may be too old to study law anymore, but at 69 I can assure you I was not born yesterday. I am wishing you every success and hope that your first case will be aiding the government to recover the pension the late Mr. Roosevelt took away from you.

If you, for reasons beyond your control, should not succeed, don't worry. Nobody ever got the much sought of job using the good work; school time is never wasted. Glueck Auf! (Good luck!)

## CITIES RISING TAXES... CITIZENS TO COLLECT... PERSONAL PROPERTY TAX

To the Editor:

In the last (April 23) issue of the Press, an interested taxpayer wrote on the personal property tax. That was a good article. If I had written it, it would have been the same.

When writing an article, it is worth printing and has a bearing on you want to put across to the people, always sign your name. Don't hide from it. Let them know who you are and what you like or dislike.

I agree that the personal tax is a joke. It's more of a joke when people get out of paying taxes when the rest of us pay. Maybe if no one paid them, something could be done about it. If some get away from paying them, why can't the rest of us?

While on taxes, how about our property taxes? This is also getting out of hand. One people here 65, they are faced with retiring. In this city, an average person who owns a home can't afford to keep it because of the high taxes which seem to have no halt in rising.

As you drive around our city, look at all the "For Sale" signs on houses because of rising taxes. I know if they keep going up, that will be my reason.
